Annie-2014

It's a hard knock life, especially when your foster 🙄 mother 🙄 only does her job for the \$.

Annie almost got run over, until a rich mayoral candidate, Will Stacks, saves her. To improve his campaign for mayor, he takes her in and takes care of her.

They grow a trusting father and daughter like relationship, until somebody found her **real** parents, who want their child back.

This movie is a remake from the 1982 film... Annie! The story revolves around a similar plot. Only this version has a musical/modern twist!

?Guess The Character?

Vivian Liu/Vega Figarola

Last week's character was **Velma Dinkly** from the classic, **Scooby-Doo!**

This young braided girl gets stuck in a tornado! She was swept away from her hometown, Kansas. Her loyal dog sticks by her side along her rough journey through an odd world. The setting is the Emerald City. But wait! You cannot forget those **RUBY** slippers!
